Creating space at NCEA Level 1 for powerful learning

NCEA Level 1 should give all New Zealanders the opportunity to become lifelong learners and develop the vital capabilities and attitudes needed for their future.

To achieve this we could make NCEA Level 1 a 40 credit qualification with two components – 20 credits focused on literacy and numeracy, and 20 credits from a project.

Things to think about:

- ▷ What do you think the purpose of Level 1 should be?
- ▷ What is needed to make sure Level 1 works for students who want to learn vocational skills, for example “I want to be a chef, builder, auto mechanic, arborist or artist.”
- ▷ How can we make sure that NCEA Level 1 remains a strong qualification for people who leave school after Year 11?
- ▷ How else could we change assessment at Level 1?
